

## Indoor units list

The list below shows appropriate indoor units to use when more than one unit is connected to the outdoor unit.

| Outdoor units     | Indoor units      |                |
|-------------------|-------------------|----------------|
| PUZ-ZM200YKA      | PLA-ZM100EA x2    |                |
|                   | PLA-M100EA x2     |                |
|                   | PEAD-M100JA(L) x2 |                |
|                   | PCA-M100KA x2     |                |
|                   | PKA-M100KA(L) x2  |                |
|                   | PLA-ZM60EA x3     |                |
|                   | PLA-M60EA x3      |                |
|                   | PEAD-M60JA(L) x3  |                |
|                   | PCA-M60KA x3      |                |
|                   | PKA-M60KA(L) x3   |                |
|                   | PLA-ZM50EA x4     |                |
|                   | PLA-M50EA x4      |                |
|                   | PEAD-M50JA(L) x4  |                |
|                   | PCA-M50KA x4      |                |
|                   | PKA-M50HA(L) x4   |                |
|                   | PUZ-ZM250YKA      | PLA-ZM125EA x2 |
|                   |                   | PLA-M125EA x2  |
| PEAD-M125JA(L) x2 |                   |                |
| PCA-M125KA x2     |                   |                |
| PLA-ZM71EA x3     |                   |                |
| PLA-M71EA x3      |                   |                |
| PEAD-M71JA(L) x3  |                   |                |
| PCA-M71KA x3      |                   |                |
| PCA-M71HA x3      |                   |                |
| PKA-M71KA(L) x3   |                   |                |
| PLA-ZM60EA x4     |                   |                |
| PLA-M60EA x4      |                   |                |
| PEAD-M60JA(L) x4  |                   |                |
| PCA-M60KA x4      |                   |                |
| PKA-M60KA(L) x4   |                   |                |
